**Only 5 days left! Order forms and money are due September 4<sup>th</sup>.**

**Pick up is September 28<sup>th</sup> from 3:00 – 5:30 pm.**

So far, we have had great success with our fundraiser and are so grateful for your participation and support! Our goal is that chrome books are accessible for each of our students in every class for instructional purposes. Our classrooms are equipped, but we are looking to extend into our library and art classes. **Each machine costs about \$200 and each complete cart is about \$8,000.** Students love their opportunities to use technology. Because of this fundraiser, we have been able to purchase the carts that we currently have and provide the few machines in each room. We just hope to continue increasing accessibility.

- ★The Club's Choice Fundraiser has allowed us to continually increase the number of chrome books available to students!
- ★The Club's Choice Fundraiser has provided the limo lunch as a "much-loved" incentive.
- ★The Club's Choice Fundraiser has made the "ever-popular" Fun Day inflatables possible!!

**THANK YOU SO MUCH** for your help! Your support has made a great impact and we truly appreciate it!
